Barrow's UDP Candidates MIA on Nomination Day Did Tracy Panton Faction Orchestrate Disappearing Act?

On Monday, February 24th, Nomination Day for all who intend to contest elections scheduled for March 12th, four of the UDP candidates were no-shows. Dean Samuels, Melvin Hewlett, Norman Usher and Dennis Williams, running on Jamal Barrow's slate for Pickstock, Fort George, Dangriga and Toledo East, were nowhere to be found. A fifth candidate, Raymond Rivers, could not be nominated because he could not find six voters in Collet to endorse his candidacy.

That means that Barrow's slate is now down to twenty-five candidates, while his nemesis, Tracy Panton, was able to pull together 15 candidates. Anthony 'Boots' Martinez, a former UDP Minister who has resurrected himself, will be running in Port Loyola against two other UDP candidates and the PUP incumbent.

Just two days before, on February 22nd, Jamal Barrow had introduced his slate, and the four men who pulled a mysterious disappearing act were all present and accounted for. When asked about the non-appearance of his candidates, Barrow presented a 'doctor paper' from Dean Samuels and said that Samuels had had a 'quasi-stroke.' Samuels has since uploaded a live monologue in which he claims he fainted on his way to nomination, then had a change of heart and decided not to be nominated.

The UDP leadership in both factions have pushed the rhetoric that the missing candidates were provided with "incentives' to ensure they would not show up on Nomination Day. But while both would jump to claim that the PUP orchestrated the 'disappearing candidates,' those in the know have been quick to point out that the PUP in those divisions would have no reason to pay UDP candidates to step out, since those particular candidates were considered weak and nothing more than place-fillers. Sources in the Barrow camp have expressed that the only person who had something to gain from the public shaming of Jamal Barrow would be Tracy Panton, who has said publicly that she will do whatever it takes to get Barrow out of the UDP. Those sources say that the way this played out, it seems more personal than political.

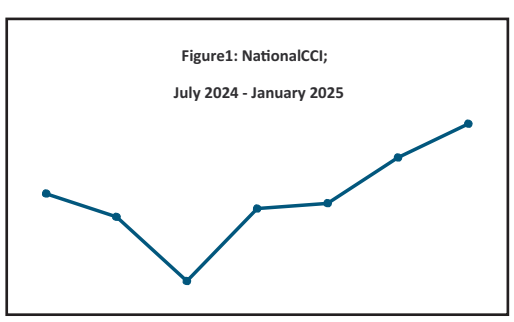
The enmity between Barrow and Panton has been such that it almost escalated to blows, when Barrow took cheap shots at Panton's daughter in a public forum.

The antics, chaos and confusion surrounding the UDP slates and Nomination Day are par for the course where this once powerful party is concerned. There is little but rubble left after both self-proclaimed UDP leaders, Jamal Barrow and Tracy Panton, carried out a 'scorched-earth' campaign against each other. That war will certainly continue long after the results of the general election are announced, as the matter of who the real UDP leader is, is still before the Courts and scheduled to be heard on March 31st.

Political observers have continued to predict a massive victory for the People's United Party in the upcoming election, citing the energy and support of the masses visible at the Convention recently, and on Nomination Day. In stark contrast, the UDP across the country has seemingly struggled to attract support, and the showing of all factions has been lacklustre at best.

Signals to a Strong Economy

ConsumerConfidenceIndexat50.5inJanuary2025: OverallConsumerConfidenceupby5.2%



National CCI - January 2025 (Month-Over-Month):

For the month of January 2025, the national Consumer Confidence Index (CCI) stood at 50.5, up by 5.2 percent from 48.0 in December 2024 (see Figure 1). This marked the first month since the Statistical Institute of Belize started compiling this indicator that consumers' sentiment has crossed the threshold into optimism about the economy and their own economic prospects. Additionally, it further highlights the gradual improvement in overall consumer confidence since September 2024, fueled by growing optimism about future economic conditions.

Among the six districts, persons living in Cayo reported the most significant increase in consumer confidence. Within this district, sentiment improved by 11.4 percent, from a pessimistic 47.1 in December 2024 to an optimistic 52.4 in January 2025. This was driven by a notable improvement in the 'Durable goods' component, which was up by 26.1 percent, coupled with a 12.3 percent rise in the 'Present' sub-index, and a 1.4 percent increase in 'Expectations'. UNPRECEDENTED: PICKSTOCK & FORT GEORGE SEATS UNCONTESTED IN GENERAL ELECTION 2025

Nomination Day, one of the most important processes moving forward to General Elections 2025 has been completed. Nominations were held across the nation and in Belize City at the Belize City Civic Center on Monday 24th February 2025. There was an overwhelming show of support for the People's United Party (PUP) candidates across the Jewel, Belize. The country was bluetified with thousands upon thousands of blue shirts and supporters sashaying to the party songs, blaring horns and waving banners.

It was confirmed on Tuesday night by the Elections and Boundaries Department that 90 nominations were received for the 31 constituencies of Belize and a record 41 candidates for the Red factions, including 25 for Shyne Barrow and 15 for Tracy Panton, with Boots Martinez flying independently. The fielding of more than one candidate for a political party is unprecedented unless Sedi Elrington running on an independent ticket against Dianne Haylock in the 2003 election is considered, with the votes going 439 to 252 in favor of Sedi. Additionally, the Elections and Boundaries Commission (EBC) has assigned the color 'red' to the 41 candidates running under the United Democratic (UDP) Party banner for the upcoming election in a vote of 4-1. The decision was made on the premise that both of the factions are claiming to be UDPs.

However, in a scandalous disgraceful and unprecedented act, the history of Belizean politics was turned on its head on nomination day, as five candidates of Shyne Barrow's faction failed to present themselves to the Elections and Boundaries to be nominated. Thereby, undermining the political system of Representative Democracy and disenfranchising a part of the electorate from the right to vote for a candidate of their choice. Philip Willoughby, running for Port Loyola, opined that the absence of those candidates raise questions about Shyne Jamal Barrow's leadership. A press release from the Elections and Boundaries states "The general public is further informed that in an unprecedented occurrence, the Returning Officers for the Pickstock and Fort George Electoral Division respectively declared Mr. Anthony Mahler and Henry Charles Usher, to have been duly elected since 4:00 p.m. on nomination day, only those candidates were nominated in their respective electoral divisions." The release continued "The Certificates of Endorsement and Return of Uncontested Election has been forwarded to the Governor General. As a result, there will be no contested election for Pickstock and Fort George electoral divisions." end. Both Anthony and Henry Charles in letters to their constituents expressed humility and gratitude for the exemplary support extended to them, and they have decided to continue to hit the trail with a 'Thank You campaign'.

This is a considerable display of the currency of trust of representative democracy being returned to Anthony Mahler and Henry Charles Usher for the representation in giving a voice to the constituents, more blessings and attending to the concerns of the residents of the respective constituencies. Contrarily, that trust was tarnished when Sista B, the former representative for UDP in the Queen's Square Division, failed to properly represent the good people of her constituency as a member of parliament. The parliamentary purpose was not served.

Clearly, the announcement by the EBC confirming that two of the ultimate Change-Agents, Anthony Mahler and Henry Charles Usher, going into the General Elections in 2025 uncontested boosts the favorability of the PUP immeasurably. Whilst the UDP remains in a state of decay and the stooges of 41 represent nothing but a political apparition. As one caller to the 'WHIP' said,"UDP is not for development," and another suggested that UDP is not an option! The PUP's strong leadership, internal unity and favorable public perception and a clear mandate embedded in PlanBelize 2.0 puts the party in the catbird seat going to March 12th, 2025 with two seats in parliament already secured. Right Pan Track, Vamos Bien!

EDITORIAL

RESTING IN PIECES

This week, media personality Jules Vasquez expressed the view that the slow and painful death throes of the United Democratic Party were foretold, and perhaps even set in play, as far back as 2019 when Dean Oliver, estranged father of Jamal Barrow, was Prime Minister. This week also, Cayo South PUP representative Julius Espat lamented the effect that a non-existent Opposition would have on democracy, and he also pointed to the destruction of the UDP having its origin in the leadership of Dean Oliver.

The cause of the destruction of the UDP hardly matters at this point in time. What matters is that the UDP is, for all intents and purposes, dead. That is not arrogance or bombast or presumption. That is just a fact. Jamal Barrow and Tracy Panton are so greedy for leadership that their respective factions are eating each other, and soon there will be nothing left.

There are two weeks to go before Belizeans countrywide will be asked to go to the polls to select their representatives. The People's United Party has presented its team of 31 strong, solid and eminently qualified candidates. ALL of them have put in and are putting in the necessary work. ALL of them are focused. The unity of the Party is on full display, and the support of the people across our great nation has been clear to see.

Jamal Barrow's slate is a sick joke he is trying to play on the Belizean people. There is no other way to say it. To put it in context, on Nomination Day, four members of the slate, one of them on the UDP Executive, simply did not show up. They just ghosted their UDP leader. Another of the candidates could not find six voters in Collet to nominate him. Faced with the implosion of his slate, Mr. Barrow nonchalantly stated that they will 'adopt' and support the independent candidates in those divisions. That is the level of circus people are being asked to support.

Tracy Panton's slate is no better. Her greed to secure the leadership of the UDP no matter what, has been nothing short of a bizarre gluttony. She clearly took a trip to the UDP graveyard, where she dug up the carcasses of ministers past. As she presented her slate, Panton was flanked by Patrick Faber, John Saldivar, Manuel Heredia and Beverly Williams. Throw in perennial losers Denny Grijalva, Philip Willoughby and Lee Mark Chang, and it is a sure recipe for political disaster. There are also a few unknowns no doubt used as fillers on the slate. There is not one person on the slate who inspires or offers hope. There are a few, like Mr. Saldivar, who give off very bad vibes indeed.

To add to the chaos, confusion and hilarity, the Elections and Boundaries Commission has decided that candidates running on Jamal Barrow's slate, and those running on Tracy Panton's slate, will be allocated the traditional RED on the ballot paper. Mr. Barrow has immediately signalled that he will challenge that decision in Court, since he is obviously of the opinion that he is the sole owner of the color RED. And then, there is the fact that Tracy Panton's validity as a member of the UDP is still before the Court. If the Court rules, on March 31st, that Panton's so-called UDP Convention was not sanctioned, and the expulsions are valid, then it is over for her, and for her slate.

On March 12th, it really makes no sense to vote for any candidate of the United Democratic Party. Apart from the fact that they are the worst of the worst, and there only to satisfy the greed of Jamal Barrow and Tracy Panton, they clearly can do nothing for the people of Belize. The UDP will lose the election. That is on them. But the people of those few constituencies with UDP representation don't have to be a part of that miserable circus.

Belize is right on track with the People's United Party. Long live Belize!

DESCANSANDO EN PEDAZOS

Esta semana, la personalidad de los medios de comunicación Jules Vasquez expresó la opinión de que la lenta y dolorosa agonía del Partido Unido Democrático se predijo, y tal vez incluso se puso en juego, ya en 2019, cuando Dean Oliver, padre distanciado de Jamal Barrow, era Primer Ministro. Esta semana también, el representante del PUP de Cayo Sur, Julius Espat, lamentó el efecto que una Oposición inexistente tendría en la democracia, y también señaló que la destrucción del UDP tenía su origen en el liderazgo de Dean Oliver.

La causa de la destrucción del UDP apenas importa en este momento. Lo que importa es que el UDP está, a todos los efectos, muerto. No se trata de arrogancia, grandilocuencia ni presunción. Es un hecho. Jamal Barrow y Tracy Panton están tan ávidos de liderazgo que sus respectivas facciones se están comiendo entre si, y pronto no quedará nada.

Faltan dos semanas para que los beliceños de todo el país tengan que acudir a las urnas para elegir a sus representantes. El Partido Unido del Pueblo ha presentado su equipo de 31 candidatos fuertes, sólidos y eminentemente cualificados. TODOS ellos han realizado y están realizando el trabajo necesario. TODOS están centrados. La unidad del Partido está a la vista, y el apoyo de la gente de toda nuestra gran nación ha quedado patente.

El listado de candidatos de Jamal Barrow es una broma de mal gusto que intenta gastar al pueblo beliceño. No hay otra forma de decirlo. Para ponerlo en contexto, el día de la nominación, cuatro miembros de la lista, uno de ellos en la Ejecutiva del UDP, simplemente no se presentaron. Simplemente se le desaparecieroncomo fantasmasal líder del UDP. Otro de los candidatos no pudo encontrar seis votantes en Collet para nominarle. Ante la implosión de su lista, Barrow declaró despreocupadamente que «adoptarían» y apoyarían a los candidatos independientes en esas divisiones. Ese es el nivel de circo que se pide a la gente que apoye.

La lista de Tracy Panton no es mejor. Su codicia por asegurarse el liderazgo del UDP como sea, no ha sido otra cosa que una extraña glotonería. Está claro que se ha dado una vuelta por el cementerio del UDP, donde ha desenterrado los cadáveres de los ministros del pasado. Al presentar su lista, Panton estaba flanqueada por Patrick Faber, John Saldivar, Manuel Heredia y Beverly Williams. Si añadimos a los eternos perdedores Denny Grijalva, Philip Willoughby y Lee Mark Chang, es una receta segura para el desastre político. También hay algunos desconocidos, sin duda utilizados como relleno en la lista. No hay ni una sola persona en la lista que inspire o ofrezca esperanza. Hay algunos, como el Sr. Saldivar, que emiten muy malas vibraciones.

Para aumentar el caos, la confusión y la hilaridad, la Comisión de Elecciones y Límites ha decidido que a los candidatos de la lista de Jamal Barrow y a los de la lista de Tracy Panton se les asigne el tradicional color ROJO en las papeletas electorales. El Sr. Barrow ha señalado inmediatamente que impugnará esa decisión ante los tribunales, ya que obviamente opina que él es el único propietario del color ROJO. Por otra parte, la validez de Tracy Panton como miembro del UDP sigue pendiente ante el Tribunal. Si el Tribunal dictamina, el 31 de marzo que la llamada Convención de la UDP de Panton no fue sancionada, y que las expulsiones son válidas, entonces se acabó para ella, y para los integrantes su listado de candidatos

El 12 de marzo, realmente no tiene sentido votar por ningún candidato del Partido Unido Democrático. Aparte del hecho de que son lo peor de lo peor, y sólo están ahí para satisfacer la codicia de Jamal Barrow y Tracy Panton, está claro que no pueden hacer nada por el pueblo de Belice. El UDP perderá las elecciones. Eso es culpa suya. Pero los habitantes de esas pocas circunscripcioneselectorales con representación del UDP no tienen por qué formar parte de ese miserable circo.

Belice va por buen camino con el Partido Unido el Pueblo. ¡Vamos Bien, Viva Belice!

The general public is further informed that in an unprecedented occurrence, the Returning Officers for the Pickstock and Fort George Electoral Divisions respectively declared Mr. Anthony Mahler and Mr. Henry Charles Usher, to have been duly elected since at 4:00 p.m. on nomination day, only those candidates were nominated in their respective electoral divisions.
The Certificates of Endorsement and Return of Uncontested Election have been forwarded to Her Excellency Governor General of Belize as required by law.
As a result, there will be no contested election for the Pickstock and Fort George electoral divisions. (E&B release)

EBC Allocates Colours to Candidates Applying under the United Democratic Party to Contest the March 12, 2025, General Election February 25, 2025 -

The Election and Boundaries Commission (EBC) met today after the receipt of the nomination forms of candidates who were nominated to contest the March12, 2025,General Election. The meeting was to further determine the allocation of colours pursuant to Rule15(4) of the Election Rules, Schedule III of the Representation of People Act, Cap 9.
Based on the nomination forms received, a total of forty-one (41) candidates applied to contest under the United Democratic Party (UDP).
By Rule15(4) of the Election Rules, the EBC is empowered, "*After consulting the political parties contesting the election ... [to] if it thinks fit, allocate different colours or symbols to different parties and shall publish in the Gazette, not less than seven days before any election, the colours or symbols which have been allocated to the different parties*."
As it relates to the allocation of the traditional **red** colour to the **United Democratic Party ("UDP"),** three options were put forward for consideration:
1.AssigningthetraditionalUDPredtoall41candidatesapplyingunderthe UDP.
2.Assigning the traditional UDP red only to the 25 candidates listed by Shyne Barrow.
3.Assigning the traditional UDP red only to the15 candidates listed by Tracy Panton.
Following discussions, the EBC voted on these options. By a majority vote of 4-1, the EBC voted on option 1, which is to allocate the traditional UDP red to all 41 candidates applying under the UDP banner.
This decision reflects the fact that, firstly, the leaders of each of the two factions maintain that they are the legitimate leaders of the UDP and that their candidates are legitimate UDP members. Secondly, the legal dispute over who is the rightful leader of the UDP remains unresolved and is set for trial on **March31, 2025, after the general election on March 12, 2025.** In a decision issued today, the High Court did not grant any order restraining Ms. Panton from holding herself out as the UDP or from using related UDP items, including the party's name and symbols, reinforcing the need for the EBC's balanced and impartial stance.
The EBC is committed to ensuring a fair and impartial electoral process. Given that the courts have yet to determine the rightful leadership of the UDP, the EB Chas taken this approach to maintain neutrality, absolute even-handedness, and uphold electoral integrity.
The EBC will continue to monitor development sand act in accordance with its constitutional mandate to oversee free and fair elections. (E&B release)

CITY OF BELMOPAN
26 FEBRUARY 2025

CEO NARDA GARCIA

Prime Minister of Belize John Briceño; Minister of Human Development, Families, and Indigenous People's Affairs Honorable Dolores Balderamos-Garcia; Minister of State in the Ministry of National Defence and Border Security, Honorable Oscar Mira; Belmopan Mayor Pablo Cawich; Chief Executive Officers from various government ministries; Executive Director of BSIF and Directors of the BSIF and government officials;Directors of the Dorothy Menzies Board of Directors;Other special invited guests, the media….welcome.

As the Chairperson of the Belize Social Investment Fund,it is with immense pride and gratitudethat I stand before you today to mark the official inauguration of the Dorothy Menzies Child Care Center in the capital City of Belmopan. This moment is not only a milestone for Belize's child protection services but a testament to our unwavering commitment to the most vulnerable members of our society—our children.
Today, we gather here in the spirit of hope, love, and commitment to our future as we inaugurate the Dorothy Menzies Child Care Centre. This moment is not just a celebration of a building or a facility; it is a celebration of our collective vision for a brighter future for our children, our families, and our nation.
I would like to extend my heartfelt appreciation to everyone who has played a role in bringing this project to fruition. From the dedicated architects and builders to the tireless advocates for children's rights, your hard work and passion have made this day possible. I would also like to thank the late Mrs. Dorothy Menzies and family for their generous support and unwavering belief in the importance of early childhood education and care.
The successful completion of this state-of-the-art facility, at a total cost of $3,235,228.09, was implemented by BSIF but made possible through a collaboration between the Caribbean Development Bank, and the Government of Belize through the Ministry of Human Development, Families, and Indigenous Peoples' Affairs. It symbolizes hope, security, and a brighter future for the children who will call this place home.
The Dorothy Menzies Child Care Center has long served as an essential refuge, providing substitute family care for children in need. It is the only 24-hour residential childcare facility managed by the Department of Human Services, ensuring that children in crisis receive the care and support they deserve. The move from Belize City to Belmopan was both strategic and necessary, ensuring enhanced accessibility, improved infrastructure, and a safer, more conducive environment for their well-being.
This project, referenced as the Dorothy Menzies Child Care Centre Substitution Subproject under the Social Services Sector SIF III Loan Project, has delivered world-class facilities designed to provide a nurturing and secure space for our children.
It includes:

- Two modern dormitories, each spanning 3,800 square feet, constructed with reinforced concrete and equipped with access ramps for children with disabilities. These dormitories include bedrooms, social areas, a home warden monitoring station, and a kitchenette.
- A dedicated administration building housing offices, a resource center, a dining hall, a fully equipped kitchen, storage spaces, and laundry facilities.
- Lavatory facilities, social spaces, and safe recreational areas designed to encourage holistic development and well-being.
- A gazebo and landscaped green spaces to provide a serene environment for outdoor activities.
- A comprehensive drainage system, parking bays, walkways, and access ramps ensuring safety and ease of mobility.

RIVA BATTAM

We love Jamal

On Nomination Day, four of Jamal's candidates left him at the altar like a jilted bride and another candidate could not find six people to nominate him. Let's just say it was a terrible day for poor Jamal. He went from boasting 31 candidates to scrambling to hold on to 25, in a hurry. And let's be real. If you put all Jamal's candidates in a mixing bowl and stir them all up together, you could possibly, maybe get TWO sorta, kinda, maybe a little credible-ish candidates. Anyway, that's not why we're here. We're here to make it categorically clear that we adore Jamal as UDP leader. We would never try to humiliate him in that way. We want Jamal to be UDP leader in perpetuity, forever and ever, because he has been the best thing to ever happen to the People's United Party. That's the truth right there.

Delilah

With that said, let me say this. There is only one person who hates Jamal enough to want him publicly humiliated like that. Cause that was a set play. Those candidates toyed with Jamal's emotions to the very end, and then all four disappeared at the 11th hour. That was planned. That was surgical. That was designed to embarrass Jamal and to break up his dolly-house. And there is only one person, leading a certain UDP Alliance for Democracy, who would gain from that. I watched her doing an interview from her saintly pulpit where she lamented the move by Jamal's candidates and cried about what an affront to democracy it is. And I realized just how devious this woman really is. Were the four candidates incentivized to walk away when they did? I have no doubt in my mind. But people may be looking in the wrong direction for the source. They should perhaps be looking at Delilah.

No Need

It is a little stupid to believe that the PUP had anything to do with the buyout of Jamal's candidates. Let's be real – none of them stood a chance of winning. Not even close. Not one of them was a threat to the incumbent PUPs in the respective divisions. And if you know the PUP, especially those ones, you'll know how much they would have enjoyed the fight on election day. If you ask Anthony Mahler right now, he'll tell you he feels a little let down that the race is over before it even began, because these are men who love to go into battle. They have done the work, and it is on election day that you really see the results of all that work in the love of the people. So let's just get that out there. Ain't nobody got time to be giving money to Jamal's waste-ah-time candidates to buy a victory that was already guaranteed.

Stink-a-pee

According to Google, the term 'syncope' refers to somebody going limp. So maybe Dean Samuels has another problem and we've been getting it all confused with fainting. Bad enough that the man was a no-show on Nomination Day, but then he comes to the public with the stupidest, lamest excuse anybody has ever heard. Honestly, we don't care much one way or another over this side, but Dean Samuels reached a new low this week. And that's something that will follow him for a very long time. Something that he will have to live with. Sometimes all we as men have is our manhood, and that means we have to stand on principle. We have to stand up for something. When he went missing on Nomination Day, and when he tried to feed the Belizean people a bunch of bullshit, Dean Samuels proved that he's not a real man. And that's all we're going to say about that.

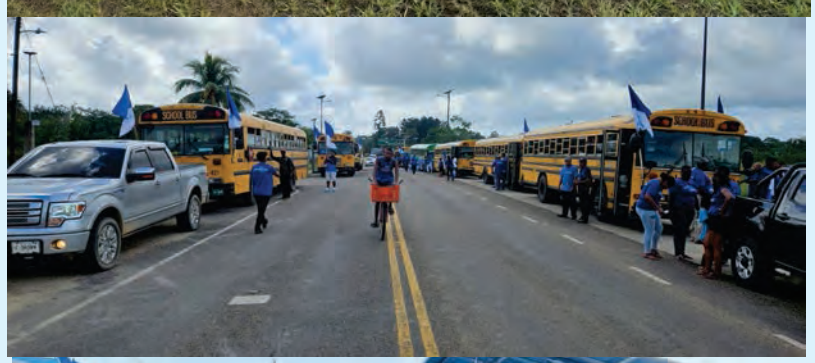
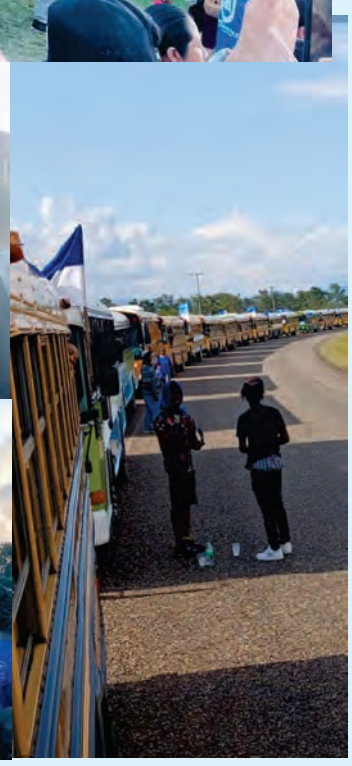
Immensely Successful Southern Rally

(pre-Nomination in Independence Village) February 22, 2025





The Outpour of support from the southern hearts for Requena, Martinez, Ferguson, Zabaneh was immensely successful. The Southern Rally to a Back to Back Victory on March 12, 2025 was truly inspirational to go vote PUP. The infinite line of Buses was spectacular! Thousands of PUP supporters came from all over to the Micheal Ashcroft Stadium in Independence Village. The number of buses and the spirit was elating and it was definitely a injection of energy into the campaign to get the votes of the people. No voter is taken for granted. The PUP has to show the record and get the new mandate.

Prime Minister John Briceño roused the crowd as is his usual charisma "It is always wonderful to be here in the south. Ladies and gentlemen, I am full of emotion. I was talking to Rodwell earlier and, I remember back in 2008, when I was elected as the Party Leader, and we started to rebuild the PUP right here in the south. We used to come every month. I remember Oscar and Rodwell when we used to go village to village. I think this was in Silkgrass that we had a meeting under a mango tree, only bout ten people come out, but today we can see that people are supporting the People's United Party by the thousands, and the thousands and the thousands because our party is united.

We come from a history where we have a leader, a history where we think about the people, a history where we are here to serve the people. That is what the PUP is all about and you have given us the opportunity to serve you in November of 2020. And when we got in everybody thought that things were going to get worse, but we had a plan. We had PlanBelize, we have good area representatives and good ministers. From day one we started to work to make your life better!

I need to take a few seconds or a few minutes to recognize our fallen brother Mike Espat who was referred to as the 'Lion of the South.' Mike served the south faithfully; Mike gave his life to the People of Toledo East and for the south. He gave his life to Belize, because every day he worked to be able to serve his people. Despite he was getting sick, he did not stop working. So today I want to recognize the work that Mike has done for the people of the south and thanks to Mike, the People's United Party is stronger in the Toledo District and the South. So, this victory on March the 12th, I want to dedicate it to the memory of Michael Espat who has served us well. We are here to work; we are here to give you the good news. I can tell you that in the north the People's United Party will be victorious.

And when we go to the west. Remember that the UDP used to boast that they controlled Cayo. I can tell you today that the UDP no longer controls Cayo because on March 12th, Cayo is going to vote for the People's United Party.

Not even talk about the City cause here we have our Deputy Leader or Deputy Prime Minister, we have the chairman of the party, we have some of our best leaders in Belize City. And I can tell you that together from north to south, east to west on March 12th we are going to have the biggest victory that Belize has ever seen with the People's United Party. But we have a lot of work ahead of us, I can still remember when we just got into government that people were not working, businesses closing down, Belize was on the verge of bankruptcy, Belize was on the verge of having a devaluation, Belize was in the jaws of the IMF. That is what Dean Barrow was saying when he was talking about grieving for Belize. He was talking about devaluation; he was talking about rising taxes.

He was talking about firing people, but what Dean Barrow did not know was that the People's United Party is not about higher taxes, is not about firing people. The People's United Party is about work, is about creating a future for everybody; to create opportunities, and today we have more work in this country than we have ever seen. We have raised the minimum wage, we reduced income tax, and people are investing all over this country because they believe in the government of the People's United Party. So, we have PlanBelize 2.0 where we are going to continue the work. Continue to do more NHI, continue to give more scholarships, continue to give more land, continue to create more jobs, continue to create opportunities for young people, that is what PlanBelize 2.0 is all about.

But that is meaningless without your support. One of the biggest challenges we have in this election is that people believe weh done win, but like Cordel tell yo "we nuh win yet." We are going to win when the votes are counted on March the twelve. That is why it is important that we get everybody to come out to vote from early. Take out everybody to come and vote for the People's United Party. Are you Ready?"

The crowd was thunderous in applause and in replying "ALL the Way. The South is definitely Right Pan Track! Vamos Bien!!

We must recognize the hard work and dedication of all those who played a role in bringing this vision to life, including the two contractors responsible for the dormitories and the construction of the administration building, and Young's Engineering Consultancy Ltd., who provided critical technical oversight. Their expertise and commitment ensured that we delivered a facility that meets the highest standards of safety and functionality.

At the heart of this project lies a singular purpose—to ensure the health, safety, and well-being of these children, providing individualized care, and paving the way for their successful reintegration into families or long-term supportive environments.

As we stand here today, we are reminded of the profound responsibility we have to nurture and protect our youngest citizens. The Dorothy Menzies Child Care Centre is more than just a place for children to learn and grow; it is a sanctuary where they will be embraced, encouraged, and empowered. It is a space where every child will have the opportunity to explore their potential, to discover their passions, and to build the foundation for a successful future.

In Belize, we understand that our children are our greatest asset. They are the leaders of tomorrow, the innovators, the dreamers, and the changemakers. Investing in their early years is not just a moral obligation; it is a strategic imperative. Research has shown that the early years of a child's life are critical for their cognitive, emotional, and social development. By providing quality care and education, we are ensuring that our children are equipped with the skills they need to thrive in an ever-changing world.

The Dorothy Menzies Child Care Centre can serve as a model for excellence in early childhood education. Here, we will prioritize not only academic learning but also the holistic development of each child. We will foster an environment of inclusivity where every child, regardless of their background, will feel valued and supported. We will promote creativity, critical thinking, and collaboration, ensuring that our children are not just prepared for school, but for life.

As we officially open the doors of this new facility, we reaffirm our collective responsibility to protect and nurture our nation's children. We call on the community, the private sector, and all stakeholders to continue supporting this cause, ensuring that no child is left behind.

This center is a symbol of our commitment, and our promise to the resident children who will soon take up space at this facility. May it be a place where they find comfort, guidance, and the foundation to build a bright and prosperous future. Let us also reaffirm our commitment to the principles of equity and access. We must ensure that every child in Belize has the opportunity to benefit from quality early childhood education. This means working together—government, communities, and families—to remove barriers and create pathways for all children to succeed.

I call upon all of us—parents, educators, community leaders, and citizens—to join in this mission. Let us work hand in hand to create a nurturing environment for our children, where they can flourish and reach their full potential. Together, we can build a Belize where every child has the opportunity to dream big and achieve greatness.

Thank you to everyone who has contributed to this journey. Today, we commemorate a new chapter in the care and protection of Belize's children. May this facility serve its purpose for generations to come. In closing, I would like to express my deepest hope that the Dorothy Menzies Child Care Centre will be a beacon of light and a source of inspiration for generations to come. May it be a place where laughter fills the air, where friendships are forged, and where the seeds of knowledge are sown.

While UDP is Purging Itself The PUP is Facing the People

While the UDP(misnomered) is perpetually in self-destructive mode planBelize evolves into planBelize 2.0. UDP zombies, Tracy and Shyne, are tumbling over themselves corrupting the only reason Parties in Belize exist--win elections by serving the people. The UDP has never desired to appeal with any authentic plan to serve the people. This shameful and shameless set of politicians have been steeped from political frustration and political bitterness from their very onset in the 70s. Today, this frustrated and bitter UDP is at an AI level of self-destructive. This is best be explained bywords uttered by Prime Minister Barrow in a Covid press conference in May 2020.

As Dean Barrow faced the nation to announce that he had lied about aninexhaustible "golden treasury" and that the coin of the realm was now a trickle. Barrow, sans resignation, announced that he grieved for "poor Belize." Tracy, Faber, Shyne, Hugo, Sista B, Saldivar, Chang, Figueroa et al, sat silently without caring that Belize was being systematically raped by their Prime Minister who promised unapologetically that he would borrow incessantly. No group within that UDP jumped up to defend Belize for the obvious stench being spewed by Barrow. This is the same as how the UDPs are silent on the documented Faber and Shyne violence against women. The UDP corrupts anything they touch and now ala-medusa they seek to corrupt or disrupt the election process. Not even their fake attempt at redistricting worked.

The Power is in the hands on the People. The PUP has worked and served from Day 1 on November 12, 2020 following the planBelize Northstar. Let us list a few tangibles in random order:

Cattle exportation went from zero to over 50 million as hooves left for Guatemala and Mexico;

Half a Billion Saved as the UDP's Superbond was renegotiated;

Another half a Billion saved on Petrocaribe bill renegotiated;

Jobs, Jobs, Jobs availability has dwarfed the unemployment rate to almost 2 per cent. For every 100 people looking for a job 98 have one;

Solar Energy and Better Generators and Grid are poised to make Belize Energy independent;

UDP-began Infrastructure project were done or fixed at HUGE savings in Corozal, OWalk, Belize, Cayo, Stann Creek, and Toledo. Savings were used to do other projects;

Bridges build or refurbished—Haulover, Pueblo Nuevo, Laguna Seca, 3 in Belmopan, Joe Taylor in PG, Boca del Rio Bridge, and others.

IFI's praise Belize for savings and transparency as singular in the world;

Belize's GDP growth rivals Mexico and most countries in the world;

Belize's ratio of Gross Domestic Product(how much we produce and exported) to debt owed by Belize LOWERED by some 60 points: Best in world;

BPOs are the best in the region, kudos to our workers;

Agricultural diversity has made Jose Mai one of the best Agric Ministers in the world;

Tourism has beat all 2019 records and is the best ever in arrivals, with Belize having worldwide acclaim;

Ministry of Health is building 3 new major hospitals and upgrading all;

Public Hospitals are all free of cost and the KHMH waiving 13years' worth or $54 Million worth of uncollected fees;

10,000 students Accessing the Internet via Digi Reducing the Digital Divide, Expanding & Enhancing Education!

The Ministry of Education, Culture, Science, and Technology (MoECST) has signed two contracts with Digi, the national telecommunications company, for the continuation of the ConnectED program, which provides reliable, high-speed internet access to schools across the country. The Ministry supports the program's success in 213 schools nationwide, which will be expanded to include 70 additional schools, enabling online connectivity for educational purposes. Once the expansion is fully implemented, 78,000 students and 4,500 teachers will benefit from this initiative that connects computers to the internet and minds to possibilities.

The signing ceremony commemorating the continuation and expansion of the program took place at Our Lady of the Way Roman Catholic School in Ladyville Village. As part of the ceremony, the school also received a donation of 21 Chromebook computers from the MoECST.

INFASTRUCTURE

The Philip Goldson Highway has experienced unprecedented maintenance of existing and new infrastructure, with work on the reconstruction of the Philip Goldson Highway, George Price Highway, Haulover Bridge, Hawkesworth Bridge, and Joe Taylor Bridge underway. Belizeans have completed and designed the Haulover Bridge, and the Hawkesworth Bridge has been rehabilitated. The old Northern Road is being paved, and the Crooked Tree, Chan Pine Ridge, and Guinea Grass Roads have been paved. The level of works carried out by GOB through the MIDH is unprecedented among Belizeans.

TRAINING

The Government has demonstrated that it is serious about the empowerment of girls and women in our communities. There have been a series of trainings in everything from sewing and entrepreneurship to cell phone repair, coding and Information Technology. These trainings have allowed girls and women to better their own lives and the lives of their families by bringing meaningful income into their homes.

ENVIRONMENTAL PROTECTION

The government has emphasized the importance of environmental conservation, including measures to protect Belize's natural resources and biodiversity. This includes efforts to combat illegal fishing and logging. With the creation of the Ministry of the Blue Economy and the implementation of the Blue Bonds/Project Finance Permanence Unit the investment in conservation activities in the blue space have increased significantly.

INVESTMENT

Both local and foreign investment have increased exponentially as a consequence of an enabling business environment created by the government. Foreign Direct Investment has increased by over 30% since 2020.

NATIONAL HEALTH INSURANCE

Even quicker than anticipated, the Government of Belize will roll out National Health Insurance to the entire country by mid-2025. The search for providers in the Cayo District has already commenced. Prime Healthcare under NHI, including lab tests, imaging and medication, has already been rolled out to Orange Walk and the Belize District including Caye Caulker and San Pedro during this term of the government.

TECHNOLOGY

The Belize Government has introduced Digital Connect Centers in remote communities, providing residents with high-speed internet and devices for learning and growth, and students with secure, information-friendly workspaces for post-school work. This is an unprecedented initiative in Belize.

MSMES

The Belize Government, through Beltraide, is promoting entrepreneurship and small businesses through continuous training, guidance, and grant provision. They also conduct annual roadshows to communities, providing assistance in formalizing, social media marketing, and packing for individuals and businesses.

TOURISM RECOVERY

Given the importance of tourism to Belize's economy, the government has worked on strategies to revive the tourism sector post-pandemic, including marketing campaigns and support for tourism operators. Tourism numbers in 2024 have greatly surpassed the 2019 overnight tourism statistics.

BOLEDO

The Belize government revoked Brads' Boledo license, revealing that Fi We Boledo made 16 million dollars in its first year, indicating Brads' under-reporting of sales. Profits will now go to NHI and sports expansion under this government.

STAY PAN TRACK

The Achievements of Plan Belize

Belizeans should never forget that less than 5 years ago, the United Democratic Party had given up on Belize. Government was borrowing ONE MILLION DOLLARS a day just to meet expenses. Dean Barrow said he grieved for Belize, and said that no matter what, the next government would have to cut wages and retrench workers. That is how bad things were.

When the PUP took office, it was during the worst of Covid. Everything was closed down, tourism was dead, thousands of jobs had been lost. Debt to GDP ratio was at 103% (unsustainable) and our poverty rate was at 52%, meaning that more than half our population was living in abject poverty

HOUSING

Immediately upon taking office, GOB through the MIDH came up with a housing program which would provide opportunities and stability to the most vulnerable across the country – focus on single mothers and the elderly. To date, more than 800 homes have been built and handed over across the country. The MIDH provides recipients with a house plan which will allow them to expand on the starter homes at their own pace. The cost per starter home is $25 per week.

EDUCATION

The Ministry of Education offers free education to 21 high schools, enrolling 3800 students. The Education Upliftment Project provides tuition, meals, uniforms, books, and transportation. Other projects include free internet and devices for 197 schools nationwide. Assisting with school fees for hundreds of students.

CRIME & SECURITY

Efforts have been made to address crime and improve public safety, including community policing initiatives and investments in law enforcement resources. The latest major crime statistics have been in the decrease since 2020.
The government has pursued various legislative reforms aimed at improving governance, transparency, and accountability.

LAND

For the past three years, the Ministry of Natural Resources has embarked on countrywide land clinics, taking the entire team into communities to deal with land issues on the spot. The focus has been on first-time landowners, and also on public officers, with priority given to law enforcement and teachers. Land issues held up for many years have been cleared up, and thousands of titles, leases and purchase prices have been issued.

HEALTH

The Ministry of Health in Belize has removed fees from public hospitals and clinics, ensuring quality primary healthcare for Belizeans. The government has also written off $54 million in debt owed to the KHMH between 2009 and 2022. New polyclinics have been built in Placencia, Caye Caulker, and Crooked Tree, and existing health facilities are being upgraded.

LEGISLATIVE REFORMS

The government has pursued various legislative reforms aimed at improving governance, transparency, and accountability.
